ELEMENT 4 CHECKLIST

ESSENTIAL CLINICAL CARE SERVICE DELIVERY PLANNING

Yes	es = Action completed Somewhat = Action in progress or incomplete No = No action planned or tak		OUnknown = Status or action unknown				\bigcirc N/A = Does not apply		
STEP 1: Determine Clinical Care Needs		Value			Rank				
4.1.1	Have you develo	ped planning metrics for extreme weat	ner related events?		Yes	Somewhat	○No	OUnknown	○ N/A
4.1.2	Determine the appropriate length of time for self-sustaining care within the facility without re-supply of equipment, supplies and staff (96 hours is a common default)				◯ Unknown ◯ N/A				
4.1.3		Determine the appropriate length of time with no mutual aid from the local community that will be used for planning purposes (96 hours is a common default)			◯ Unknown ◯ N/A				
4.1.4		ge Daily Occupancy (census) unber of occupied beds over the preceding year)			◯ Unknown ◯ N/A				
4.1.5	Determine average number of patients that qualify for early discharge; check number periodically				◯ Unknown ◯ N/A				
4.1.6	Determine factor	rs for community surge							
		the place of refuge for community long cal residential care uses?	term care, assisted living,		Yes	Somewhat	○ No	OUnknown	○ N/A
		icular health vulnerabilities in the commissions during an extreme event?	unity that will likely		Yes	Somewhat	○ No	OUnknown	○ N/A
4.1.7	Set target for sur	rge capacity (for example: 5%, 10%, 20% of be	ed totals)	%		OUn	known	○ N/A	
4.1.8	Do you have a p with extreme we	lan for Mass Fatality management and a ather events?	accommodation associated		Yes	Somewhat	○ No	OUnknown	○ N/A
	Morgue Capa	city			Yes	Somewhat	○ No	Olnknown	○ N/A
	Portable Refri	igerated Trailers			Yes	Somewhat	○ No	Olnknown	○ N/A
	 Spaces capal 	ole of additional cooling			Yes	Somewhat	○ No	OUnknown	○ N/A
4.1.9	Assess your ove extreme weather	rall understanding of clinical care needs r event.	and patient surge in an	3 (Exemplary	y) O2	(Functional)	1 (Margina)) 0 (None)	○ N/A
STE	P 2: Determine	Personnel Availability		Value			Rank		
	Have you calcula	Personnel Availability ated the number of personnel that will n vel, illness or safety concerns (e.g., 40% o		Value	Yes	Somewhat		OUnknown	○ N/A
4.2.1	Have you calculato inability to trave	ated the number of personnel that will n	r 200 out of 500)?	Value	○ Yes	○ Somewhat	○No		
4.2.1	Have you calculate inability to transport the lawe you prepare (who can work from the law your health assistance from the law your health assistance from the law your health assistance from the law you have your health assistance from the law you have you	ated the number of personnel that will n vel, illness or safety concerns (e.g., 40% or red a Staffing Strategy during surge?	the is necessary at the hospital?) thool to receive external	Value			○ No		
4.2.1 4.2.2 4.2.3	Have you calculate inability to trave. Have you prepare (who can work from a Does your health assistance from federal agency) in the Assess your ove	ated the number of personnel that will nevel, illness or safety concerns (e.g., 40% of the description of the safety concerns (e.g., 40% of the description) and the safety during surge? The description of the safety disaster plan include a proportion of the partners (e.g. other health care facility disaster).	the is necessary at the hospital?) thool to receive external ies, community, provincial agency,		○ Yes	Somewhat	○ No ○ No ○ No	○ Unknown	○ N/A
4.2.1 4.2.2 4.2.3	Have you calculate inability to trave. Have you prepare (who can work from a Does your health assistance from federal agency) in the Assess your ove	ated the number of personnel that will novel, illness or safety concerns (e.g., 40% of the da Staffing Strategy during surge? Thome, who can work from an alternate location; we have a care facility disaster plan include a proportion outside partners (e.g. other health care facility he event of climate-related emergency? I rall understanding of personnel availability.	the is necessary at the hospital?) thool to receive external ies, community, provincial agency,		○ Yes	Somewhat Somewhat	○ No ○ No ○ No	○ Unknown	○ N/A

	Ambulance Fleet Refueling/ Garage	○ Yes ○ Somewhat ○ No ○ Unknown ○ N/A
	Internal building connecting corridors/links	Yes Somewhat No Unknown N/A
	Do you have workarounds for services listed below?	Yes Somewhat No Unknown N/A
	Assess your contingency plans for vulnerable locations based on your	
422	responses above. A climate-related emergency may affect waste management practices at your	3 (Exemplary) 2 (Functional) 1 (Marginal) 0 (None) N/A
4.3.3	health care facility. Does your health care facility have a contingency waste management plan if primary waste management processes are limited or unavailable in an climate-related emergency scenario?	○ Yes ○ Somewhat ○ No ○ Unknown ○ N/A
4.3.4	Assess your overall clinical care and support vulnerabilities in an extreme weather event based on your answers to the questions above.	3 (Exemplary) 2 (Functional) 1 (Marginal) 0 (None) N/A
STE	P 4: Identify Locations for Anticipated Patient Surge	Value Rank
4.4.1	Identify the number of unoccupied beds (total capacity - average census)	○ Unknown ○ N/A
4.4.2	Identify number of early discharge recoverable beds (see 4.1.4)	○ Unknown ○ N/A
4.4.3	Have you inventoried and assessed Expanded Treatment Areas (ETA) (additional areas on campus or off-campus at locations owned or operated by the hospital) for treating lower acuity patients, either admits or transfers from the hospital? See Element 4 Resources for an APC Checklist for Expanded Treatment Areas.	○ Yes ○ Somewhat ○ No ○ Unknown ○ N/A
	Have you inventoried and ranked Alternate Care Sites (off-campus locations owned or operated by businesses other than the hospital) to which lower acuity hospital patients may be transferred for treatment by attending hospital staff? (These may be churches, schools, hotels/motels, etc., not large regional community-wide alternate care sites established by the community.) See Element 4 Resources for an APC Checklist for Alternate Care Sites.	Yes Somewhat No Unknown N/A
4.4.5	Assess overall provisions for anticipated patient surge during and following extreme weather events based on your responses to the questions above.	3 (Exemplary) 2 (Functional) 1 (Marginal) 0 (None) NA

○Yes	= Action completed Somewhat = Action in progress or incomplete No = No action planned or take	n OUnknow	wn = Stat	us or action unkn	own (N/A = Does	not apply
STE	P 5: Personnel and their Accommodation	Value			Rank		
4.5.1	Have you identified Temporary Staffing Sources - ie, Red Cross, Emergency Response Teams, etc?		Yes	Somewhat	○No	Unknown	○ N/A
4.5.2	Have you identified and equipped Essential Staff Sleeping Area(s)?		Yes	Somewhat	○ No	Unknown	○ N/A
4.5.3	Do you have a Dependent Care Plan that Identifies essential staff dependent care options, both on and off-site? <i>See Element 4 Resources for APC model plan.</i>		Yes	Somewhat	○No	Unknown	○ N/A
4.5.4			Yes	Somewhat	○No	OUnknown	○ N/A
4.5.5	Do your response and recovery plans for climate-related emergencies or disasters include the provision of psychological support to address mental health impacts of health care facility staff in the short term and long-term?		Yes	Somewhat	○No	Unknown	○ N/A
4.5.6	Do you have a system to manage professional and allied healthcare and non-healthcare volunteer personnel?		Yes	Somewhat	○No	Unknown	○ N/A
4.5.7	Rank overall provisions for personnel and their accommodation during and following extreme weather events based on your responses to the questions above.	3 (Exemplar	y) <u>2</u>	(Functional)	(Marginal)	O (None)	○ N/A
STE	P 6: Health Care Resources and Supplies	Value			Rank		
weat	urement of health care resources and supplies is critical for any health care facility her events may affect access to these resources. This includes "just in time delive tions below and assess your supply chain resilience.						
4.6.1	At planning venues with community partners, do you discuss how institutional changes in combination with climate variability might affect delivery and/or access to health care resources or supplies?		Yes	Somewhat	○No	OUnknown	○ N/A
4.6.2	Do you have a plan to accommodate increased supply storage for the extended period of time that the facility will be self-sufficient?		Yes	Somewhat	○ No	Unknown	○ N/A
4.6.3	Do you currently have access to sufficient inventories of essential supplies and resources to continue to provide care during one or more climate-related emergencies? Please respond according to essential back-up supplies listed below.						
	Medications, treatments, drugs, pharmaceuticals, vaccines		○Yes	Somewhat	○No	Olnknown	○ N/A
	Medical equipment: dialysers, etc.		○Yes	Somewhat	○ No	Olnknown	○ N/A
	• Food		Yes	Somewhat	○ No	Olnknown	○ N/A
	• Water		Yes	Somewhat	○ No	Olnknown	○ N/A
	Non-medical materials, such as bed linens, cleaning supplies		Yes	Somewhat	○ No	Ounknown	○ N/A
4.6.4	Rank your overall supply chain preparedness, based on your answers to the questions above	3 (Exemplar	y) O2	(Functional)	(Marginal)	O (None)	○ N/A
SUN	IMARY	Value			Rank		
Base	d on your responses above, develop a list of action items to address Clinical Care	Service Del	ivery is	sues identifi	ed.		
4.7.1	Have you determined key clinical care improvement strategies for each building and campus from this checklist?		Yes	Somewhat	○No	Unknown	○ N/A
4.7.2	Have you mapped priority strategies for this Element across a timetable for implementation? <i>Refer to the Getting Started section of the Climate Resilience Tooklit toolkit.climate.gov.</i>		Yes	Somewhat	○No	Unknown	○ N/A
